

DPD 5620-59

17 August 1959

MEMORANDUM FOR: Commanding Officer
1007th Air Intelligence Service Group

SUBJECT: Bootstrap Training for [REDACTED]

1. [REDACTED] has been assigned to the Development Projects Division since March of 1959. During this period he has displayed a high degree of initiative and an unusual interest in self-improvement.

2. I have discussed with [REDACTED] his career objectives and his intentions with regard to future assignments subsequent to his completion of Bootstrap Training, should he be selected for that program. As a result of these discussions, I am convinced that [REDACTED] has a high potential value to the Air Force which would be enhanced by the training he has requested. I have complete confidence that if he is selected he will apply himself most seriously to the completion of the course and will establish a commendable record of scholastic achievement.

3. In view of the foregoing, I strongly recommend that [REDACTED] request for Bootstrap Training be favorably considered.
